

GLASS TEA LIGHT JAR

- 1.) BUY/FIND A VINTAGE glass jar
- 2.) Fill with glass beads or stones from you local craft store
- 3.) Use a thick but maluable copper wire to attach 1st to one side of the jar if there are handles OR wrap around the neck of the jar 
- 4.) After attaching one end leave a 12 to 18 inch piece to decorate.

5.) Grab a sheet of thin copper & place it in a cuttlebug embossing folder. Run through the cuttle bug to emboss.

6.) Take out of the folder & cut into circles of diff. sizes

7.) Punch 2 holes on either end of each circle 

8.) Weave glass beads and copper disks onto copper wire until the wire is almost full. Leaving a good 2 to 3 inches on the other end. Attach to other end. Twist to secure & you're done.

Now add in a tea light & enjoy XOXO
